INTERVENTION  
OPEN MEETING AGENDA ITEM

October 22, 2012

Arizona Corporation Commission  
Docket Control  
1200 W. Washington Street  
Phoenix, AZ 85007

RE: MOTION TO INTERVENE in the Application of Tucson Electric Power Company for approval of its 2013 Renewable Energy Standard (REST) Implementation Plan.

DOCKET No. E-01933A-12-0296

My name, addresses and telephone number are listed below.

I wish to intervene in the application for approval of Tucson Electric Power's 2013 REST implementation plan. I have been promoting solar energy adoption in Southern Arizona since 1998, and I have solar energy systems on my personal residence and my business. I am the owner of Technicians for Sustainability, which employs approximately 50 people in Tucson, and has very likely installed the most solar electric systems in the TEP service territory to date. My primary interest in this application is to advocate for incentives which are appropriately designed for the local market to ensure stable adoption and decreasing costs for distributed solar energy systems. I feel that the quality of life in my community will be significantly affected by the decisions regarding the implementation plan. I would like to advocate for the long term view required to provide stability to the solar industry, as well as to protect the ratepayers' investment in distributed renewable energy.

I hereby certify that a copy of this Notice of Intervention has been mailed to Tucson Electric Power, One S. Church Avenue, Suite 200 Tucson, AZ 85701.

Sincerely,

Kevin M Koch
